Each one is a free individual

Frontway is a young and creative expression of the design agency, is committed to creating both artistic and practical furniture design. Unique design thinking and years of design experience are their advantages. "Love, openness, freedom and curiosity" are the reasons why Fronway maintains a high standard of design and production.

"Positive, always forward" is the core spirit of Frontway. We will always advocate and practice this positive and optimistic attitude towards work and life.  
Frontway

# School Space

Powerful compatibility makes the Harper series negotiation table widely used in a variety of scenarios.

Multiple  
Choice.

25MM thick high density board countertop, fashionable and simple lower bevel design, both generous and practical. Our team pays close attention to every detail with rich experience and professional knowledge.

The Harper series negotiation table impresses people with its stability and perfect design.

1.5mm thickness Square tube base frame, coated with German Oxyplast powder.  
The V-shaped Dia15mm solid inclined rod design not only strengthen the overall firmness and stability of the table, but also increase the decorative and ornamental properties, perfectly Integration.

# Library

Frontway has always advocated that reading is a pleasant and enjoyable journey, so we provide a variety of product combinations in different forms to meet the individual needs of different groups of people.

# Work + Cooperation

# Museum

For us, a chair means not only the highest quality, but also flexibility in terms of color, material and finish. We are ready to meet any challenge and look forward to implementing your ideas. Frontway's products have a clear design language, high functionality and a timeless aesthetic. With experience and expertise, we are pleased to assist you in your project.

## Custom-made

Harper series negotiation table has rich peripheral supporting facilities, flexible combination ways, can well meet the needs of various large and small use scenarios, such as reception, conference discussion, academic research, brainstorming, activity salon and so on.

# Coffee Book

Harper, an elegant table with a simple four-legged frame; In varying heights, tabletop designs and sizes, it stands out for a successful combination of practicality and lightness.

● 黑色木脚

● 原木色木脚

Table feet using imported non-section of ash wood, surface coated with imported environmental protection wood wax oil, natural environmental protection and clear texture.

# Pleasure is ——— like air.

Rock series stool is sprayed on the surface of high density sponge with international leading medical grade environmental protection liquid leather. It is scratch-resistant, wear-resistant, waterproof and antifouling. It is both portable and has considerable bearing force.

Ene is a multi-purpose stool with swing and lift functions, which has three functions of utility, entertainment and sports. From material selection to structural arrangement, from style to functional assembly, we have many different styles of series, to plan a reasonable office environment for you, and to create the highest work efficiency in the effective time.

Bamni series bar chair is satisfying practical function fully at the same time, qualitative structure, appearance design also had further development, with human nature, individualization will reflect its elegant and easy, comfortable and convenient characteristic. Intimate handle design, easy to move, solid wood chassis and hardware chassis are optional.

# Office Space

## Attitude Decides Everything.

Harper series the creative fashion design of the negotiation table allows you to focus and think clearly and carefully. Convenient and practical, beautiful and flexible, at any time to fly the meeting passion!

# Public Space

# OFFICE &SPACE

Intelligent sound-proof cabin suitable for office space breaks the limitation of closed office space in the past, responds to the mobility demand of open space in a deeper level, becomes one of the emotional links between employees and office, and provides comfort for employees' work behavior and physical and mental health as well as the well-being of corporate culture. We look forward to more people can use such high-performance products to improve the employee's office experience, so as to achieve higher performance results and help the success of the enterprise.

# Make Space Meaningful

It's the perfect soundproof place for important one-on-one private conversations, brainstorming, and not interrupting a colleague at work, ideal for an important phone call or videoconference. Discuss in private, without disturbing your colleagues. The soundproof cabin provides a sound-free and comfortable working environment.

# Nearly Perfect

Unusual design,  
Can always bring you the feeling of heart,  
Frontway Intelligent sound insulation cabin,  
It leads you into an extraordinary world.

## Recorded Space

Recording Series Intelligent Sound Insulation Cabin provides advanced sound solutions, allowing you to record and play in a comfortable environment. Flexible quick loading mode can be arbitrarily placed in the space, which is a convenient and flexible choice!

Find another world and create a new spatial experience

## Easy Fit.

The Frontway Smart Sound Insulation Cabin can easily be paired with a personal audio space. Own it doesn't mean you can compete with a multimilliondollar professional audio studio, but what we can do is create a very practical, sound-neutral environment that will help users gain unique listening space or audio working conditions.

# Recorded Space

Recorded when required by the work environment is quiet and not by the outside noise interference, Frontway intelligent sound insulation tank recorded series provides advanced sound solutions, built a quiet working environment, to work in a comfortable environment.

## Intelligent Entrance Guard

Intelligent access control can be connected to the management system of attendance appointment, easy to remote control and management, in the security performance of the above has a great improvement, based on the face recognition technology access control system, solve the card copy, card loss, card to forget to take traditional access card problems, in security at the same time to provide convenience.

## Instrumental Music Space

Equipped with high-quality sound insulation system, the sound insulation room provides a quiet environment for users to create music to play, efficient sound-absorbing mode is very suitable for the team to create exchanges, let the sharing and presentation go on forever.

In the free space, stimulate unlimited creativity and inspiration.

# Ideal Space Creator

Frontway is committed to creating both artistic and practical furniture design, intelligent sound insulation is a sustainable high-quality material that provides the acoustic promise of a high-quality user experience. Users can choose to decorate in their own way, excellent sound insulation to ensure that you and your team complete privacy and create a pleasant working atmosphere.

# Instrumental Space

Music Education is not only limited to the school curriculum, outside the school chain training institutions are more dynamic. But the sound environment of the instrumental music space, which has been neglected by us, directly affects the sound and color of instrumental music and the students' perception of pitch. Of course, the construction of the traditional instrumental music studio is not only the defect of the sound environment, the sound mutual interference and disturbs the people is outside the school music education place the most painful spot, the field adjustment change causes the entire construction investment to be naught. The powerful acoustic features of the Frontway Intelligent Sound Insulation Cabin come to life.....

Immersed in a strong | creative atmosphere

## To Create A New Spatial Experience

Users can choose to decorate in their own way, excellent sound insulation effect to ensure that you and your team complete speech privacy and create a pleasant working atmosphere.

## Education Space

While we value the health of our learning environment, perhaps we also need to be concerned about the privacy of our interactions with students, Front way of Education Space sound-proof room, opened the hearts of students, close the distance between parents...

Making The Most Of  
A Small Space Is Great Wisdom

Our Goal Is To  
Create The Taste Of Work  
— Design front way

# EDUCATION &SPACE

Modern education space is more and more spacious and transparent, large classrooms, activity areas, teachers' offices are all bright and open. While paying attention to the health of the learning environment, perhaps we also need to care about the privacy of communication and guidance with students. The soundproof and private point-to-point classroom guidance room is undoubtedly to meet the needs of homework guidance, criticism and correction, privacy and concentration of psychological communication between teachers and students. Similarly, when parents visit, conversations are no longer confined to the open office of a busy teacher or a noisy hallway. Frontway educational series of intelligent sound-proof pods, open the hearts of students, close the distance with parents...

# PERFECT & SPACE

Perfect space: We are always looking for a new way to express art and life, transforming its abstract beauty into concrete reality as much as possible

# MATERIAL CON FIGURATION

# Structural Analysis

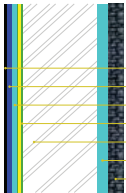

Countless test adjustments, composite sound insulation technology and materials ensure that you are not disturbed by the environment, and will not interfere with the surrounding environment.
